Extension of Deadline for New Funding Cycle for Fiscal Year 2006

Funding Opportunity Number: HHS-2006-IHS-TSGP-0002

CFDA Number: 93.210

NOTE: **The purpose of this second announcement is to provide another opportunity for all eligible applicants to apply for FY 2006 funding under the Self-Governance Negotiation Cooperative Agreement. The previous Federal Register notice published on December 14, 2005, FR Doc. E5-7280, provided an initial deadline of January 20, 2006. The application deadline for this announcement is May 19, 2006.**

Key Dates: Applications Due - May 19, 2006;

Objective Review Committee to Evaluate Applications - June 21-22, 2006;

Anticipated Project Start Date - August 7, 2006.

I. Funding Opportunity Description

The purpose of the program is to award cooperative agreements that provide negotiation resources to Tribes interested in participating in the Tribal Self-Governance Program (TSGP) as authorized by Title V, Tribal Self-Governance Amendments of 2000 of the Indian Self-Determination and

Education Assistance Act of Public Law (Pub. L.) 93-638, as amended.

This grant is authorized under the authority of Section 503(e) of the Indian Self-Determination and Education Assistance Act, 25 U.S.C. 458aaa-2(e).

The TSGP is designed to promote self-determination by allowing Tribes to assume more control of Indian Health Service (IHS) programs and services through compacts negotiated with the IHS. The Negotiation Cooperative Agreement provides Tribes with funds to help cover the expenses involved in preparing for and negotiating with the IHS and assists eligible Indian Tribes to prepare for Compacts and Funding Agreements (FAs) with an effective date of October 1, 2006, or January 1, 2007.

The Negotiation Cooperative Agreement provides resources to assist Indian Tribes to conduct negotiation activities that include but are not limited to:

- Analysis of the complex IHS budget to determine what programs, services, functions, and activities (PSFAs) will be negotiated.
- Development of the terms and conditions that will be set forth in a Compact and Funding Agreement (FA).
- Consultant costs such as Attorney or Financial Advisors.
- Communication Costs.
- Identification of Tribal shares that will be included in the FA.

The award of a Negotiation Cooperative Agreement is not required as a prerequisite to enter the TSGP. Indian Tribes that have completed comparable health planning activities in previous years using tribal resources but have not received a Tribal self-governance planning award are also eligible to apply. Applicants must provide a statement that the planning phase has been conducted to the satisfaction of the Indian Tribe and must include: (a) legal and budgetary research; and (b) internal Tribal government planning and organizational preparation relating to the administration of health programs.

II. Award Information

TYPE OF AWARD: Cooperative Agreement.

ESTIMATED FUNDS AVAILABLE: The total amount identified for Fiscal Year (FY) 2006 is \$240,000 for approximately twelve (12) Tribes to enter the TSGP negotiation process for compacts beginning in Fiscal Year (FY) 2007 or Calendar Year (CY) 2007. Awards under this announcement are subject to the availability of funds.

ANTICIPATED NUMBER OF AWARDS: The estimated number of awards to be funded is approximately 12.

PROJECT PERIOD: 12 months.

AWARD AMOUNT: \$20,000 per year.

PROGRAMMATIC INVOLVEMENT: IHS TSGP funds will be awarded as cooperative agreements and will have substantial programmatic involvement to establish a process through which Tribes can effectively approach the IHS to identify programs and associated funding which could be incorporated into programs.

The IHS roles and responsibilities will include:

- Identification of IHS staff that will consult with applicants on methods used by the IHS to manage and deliver health care.
- Provide applicants with a list of laws and regulations that provide authority for the various IHS programs.

The Grantee roles and responsibilities will include:

- Research and analysis of the complex IHS budget, at the Service Unit, Area, and Headquarters levels.
- Establishment of a basic understanding of IHS PSFAs operations at the Service Unit, Area, and Headquarters levels.

III. Eligibility Information

1. Eligible Applicants

To be eligible for a negotiation cooperative agreement under this announcement, an applicant must meet all of the following criteria:

- A. Be a Federally-recognized Tribe as defined in Title V, Pub. L.

106-260, Tribal Self-Governance Amendments of 2000, of the Indian Self-Determination and Education Assistance Act (the Act), Pub. L. 93-638, as amended. However, Alaska Native Villages or Alaska Native Village Corporations, who are located within the area served by an Alaska Native regional health entity already participating in compact status, are not eligible (Pub. L. 106-260, Title V, Section 12(a)(2)). Those Tribes not represented by a self-governance Tribal consortium compact that have previously received negotiation funds may still be considered to participate in the TSGP, subject to the provisions in this announcement, however, with the following exception cited in Section 351, Pub. L. 105-277, the FY 1999 Omnibus Appropriations Bill: “Notwithstanding any other provision of law, prior to September 1, 2001, the IHS may not disburse funds for the provision of health care services pursuant to Pub. L. 93-638 (25 U.S.C. 450, et seq.) with any Alaska Native Village or Alaska Native Village Corporation that is located within the area served by an Alaska Native regional health entity.”

2. Cost Sharing or Matching Funds

The Self-Governance Negotiation Cooperative Agreement

Announcement does not require matching funds or cost sharing to

participate in the competitive grant process.

3. Other Requirements

The following documentation is required (if applicable):

- A. This program is described at 93.210 in the Catalog of Federal Domestic Assistance. There is limited competition under this announcement because the authorizing legislation restricts eligibility to Tribes that meet specific criteria. (Refer to Section III, ELIGIBLE APPLICANTS in this announcement.)
- B. Request participation in self-governance by resolution by the governing body of the Indian Tribe. An Indian Tribe that is proposing a cooperative agreement affecting another Indian Tribe must include resolutions from **all** affected Tribes to be served.
- C. Demonstrate, for three FY's, financial stability and financial management capability, which is defined as no uncorrected significant and material audit exceptions in the required annual audit of the Indian Tribe's self-determination contracts or self-governance funding agreements with any Federal agency.

D. Grantees are required to submit a current version of the organization's audit report. Audit reports can be lengthy; therefore, the applicants may submit them separately via regular mail by the due date (May 19, 2006). If the grantee determines that the audit reports are not lengthy, the applicants may scan the documents and attach them to the electronic application. Applicants must submit two copies of the audits that reflect three previous fiscal years under separate cover directly to the Division of Grants Operations, 801 Thompson Avenue, TMP 360, Rockville, MD 20852, referencing the Funding Opportunity Number, HHS-2006-IHS-TSGP-0002, as prescribed by Pub. L. 98-502, the Single Audit Act, as amended (see OMB Circular A-133, revised June 24, 1997, Audits of States, Local Governments, and Non-Profit Organizations). **If this documentation is not submitted by the due date, the application will be considered as unresponsive and will not be considered. Applicants must include the grant tracking number assigned to their electronic submission by Grants.gov and the date submitted via Grants.gov in their cover letter transmitting the required audits for the previous three fiscal years.**

- E. Tribal Resolution - A resolution of the Indian Tribe served by the project must accompany the application submission. For Tribal Consortia applying for a Negotiation Cooperative Agreement, individual Tribal Council Resolutions from all individual Tribes whose PSFAs will be compacted must be submitted.

Draft resolutions are acceptable in lieu of an official resolution during the review process. However, an official signed Tribal resolution must be received by the Division of Grants Operations (DGO) by the end of the Objective Review (June 22, 2006). **If an official signed resolution is not submitted by June 22, 2006, the application will be considered incomplete and will be returned as unresponsive.**

***It is highly recommended that the Tribal resolution be sent by Federal Express for proof of receipt.**

(DUNS) number to apply for a grant or cooperative agreement from the Federal Government. The DUNS number is a nine-digit identification number, which uniquely identifies business entities. Obtaining a DUNS number is easy and there is no charge. To obtain a DUNS number, access <<http://www.dunandbradstreet.com>> or call 1-866-705-5711. Interested parties may wish to obtain their DUNS number by phone to expedite the process.

V. Application Review Information

The instructions for preparing the application narrative also constitute the

evaluation criteria for reviewing and scoring the application. Weights assigned to each section are noted in parentheses.

1. Criteria

DEMONSTRATION OF PREVIOUS PLANNING ACTIVITIES (30 points)

Thoroughness and appropriateness of planning activity to proposed scope of compact is demonstrated, i.e., has the Indian Tribe determined the PSFAs to be assumed? Has the Indian Tribe determined it has the administrative infrastructure to support the assumption of the PSFAs? Are the results of what was learned or is being learned during the planning process clearly stated?

THOROUGHNESS OF APPROACH (25 points)

Is a specific narrative provided of the direction the Indian Tribe plans to take in the TSGP? How will the Tribe demonstrate improved health and services? Is the Indian Tribe ready to negotiate a compact to begin October 1, 2006 or January 1, 2007? Are proposed time lines for negotiations indicated?

PROJECT OUTCOME (25 points)

What beneficial contributions are expected or anticipated to the TSGP

projected? Is information provided on the services that will be assumed?

How will any improvements be made to managing the health program under the TSGP to better serve its Tribal members? Are Tribal needs discussed in relation to programmatic alternatives and outcomes?

ADMINISTRATIVE CAPABILITIES (20 points)

Does the Indian Tribe clearly demonstrate knowledge and experience in the operation and management of other health programs? Is the internal management and administrative infrastructure of the applicant described and its relationship to the successful implementation of self-governance operation of health programs explained?

APPENDIX ITEMS

- Work plan for proposed objectives.
- Position descriptions for key staff.
- Resumes of key staff that reflect current duties.
- Consultant proposed scope of work (if applicable).
- Indirect Cost Agreement.
- Organizational chart (optional).
- Audits

2. Review and Selection Process

In addition to the above criteria/requirements, applications are considered

according to the following:

A. Application Submission (Application Deadline: May 19, 2006).

Applications submitted in advance of or by the deadline and verified by the tracking number will undergo a preliminary review to determine that:

- The applicant and proposed project type is eligible in accordance with this grant announcement.
- The application is not a duplication of a previously funded project.
- The application narrative, forms, and materials submitted meet the requirements of the announcement allowing the review panel to undertake an in-depth evaluation; otherwise, it may be returned.

B. Competitive Review of Eligible Applications (Objective Review: June 21-22, 2006).

Applications meeting eligibility requirements that are complete, responsive, and conform to this program announcement will be reviewed for merit by the Objective Review Committee (ORC) appointed by the IHS to review and make recommendations on these applications. The review will be conducted in accordance with the IHS Objective Review Guidelines. The technical review process ensures selection of quality projects in a national

competition for limited funding. Applications will be evaluated and rated on the basis of the evaluation criteria listed in Section V.1.

The criteria are used to evaluate the quality of a proposed project, determine the likelihood of success, and assign a numerical score to each application. The scoring of approved applications will assist the IHS in determining which proposals will be funded if the amount of TSGP funding is not sufficient to support all approved applications. Applications recommended for approval, having a score of 60 or above by the ORC and scored high enough to be considered for funding, are forwarded by the Division of Grants Operations (DGO) for cost analysis and further recommendation. The program official forwards the approval list to the IHS Director for final review and approval. Applications scoring below 60 points will be disapproved and returned to the applicant.

Note: In making final selections, the IHS Director will consider the ranking factor and the status of the applicant's single audit reports. The comments from the ORC will be advisory only. The IHS Director will make the final decision on awards.

VI. Award Administration Information

1. Award Notices

The Division of Grants Operations (DGO) will not award a grant without an approved application in conformance with regulatory and policy

requirements which describes the purpose and scope of the project to be funded. When the application is approved for funding, the DGO will prepare a Notice of Award (NoA) signed by the Grants Officer, **which is the authorizing document**, with special terms and conditions binding upon the award and refer to all general terms applicable to the award. The NoA **will serve as the official notification of a grant award which will be sent to the applicant via postal mail, and** will serve as the official notification of a grant award and will state the amount of Federal funds awarded, the purpose of the grant, the terms and conditions of the grant award, the effective date of the award, the project period, and the budget period. Any other correspondence announcing to the Project Director that an application was selected is not an authorization to begin performance.

2. Administrative and National Policy Requirements

Financial Status Reports (SF-269) are due 90 days after each budget period and the final SF-269 must be verified from the grantee records on how the value was derived. Failure to submit required reports within the time allowed may result in suspension or termination of an active grant, withholding of additional awards for the project, or other enforcement actions such as withholding of payments or converting to the reimbursement method of payment. Continued failure to submit required reports may result in one or both of the following: (1) the imposition of special award provisions; and (2) the non-funding or non-award of other eligible projects or activities.
